**Morellino di Scansano**

## **Flower Power**

### **Toscana Rosato IGT**

#### **The bottle:**

the name of the wine "flower power" derives from the famous expression of the poet Allen Ginsberg coined during the period of the "counterculture hippy" of the sixties. This wine finds its natural habitat on the edge of a swimming pool or on the background of a barbecue among friends.

#### **Grapes:**

100% Sangiovese (organically managed)

#### **Vinification:**

the vinification occurs with the soft pressing method, after a short maceration on the skins. After a freezing period of the fresh juice the fermentation occurs in steel with selected yeasts. The fermentation is driven for 15-20 days at low temperatures.

#### **Date of bottling:**

march 2015 (number of bottles produced 20000).

#### **Organoleptic features:**

the colour is a classic pale pink, light and brilliant, the flavour of this rosè is characterized by key notes of tropical fruits as grapefruit and pineapple, followed by apricot and wild flowers hints.

The wine is ideal for aperitif but matches as well with light dishes of grilled white meat or bluefish.
